

HFIA Communiqué 34

*The Newsletter of the HF Industry Association (HFIA)
May 2000*

Washington HFIA Meeting

The next HF Industry Association (HFIA) meeting will be held during the AFCEA TechNet Exposition in Washington, D.C. on Wednesday, June 21 and Thursday, June 22, 2000. The meeting will be held at the following location:

Conference Rooms 23 and 24,
AFCEA TechNet Conference and Exposition,
Washington Convention Center,
Washington, D.C.

We are putting together an interesting agenda, which will include presentations, demonstrations, and discussions on key developments in the HF industry. In recent months, a lot of progress has been made implementing the new MIL-STD-188-141B, STANAG 5066, and MIL-STD-188-110B HF standards. Some equipments are already commercially available and are being fielded. Considerable progress has also been made developing the corresponding NATO STANAG 4538 and STANAG 4539 standards. Collectively, these new standards will form the basis for the next generation of HF radio systems offering higher data rates, unprecedented communications reliability, and a true HF networking capability. This meeting will provide useful information to both industry and government representatives. The topics will cover,

- Information on the latest MIL-STDs and NATO STANAGs
- Reports on HF projects
- Reports on testing
- Demonstrations of equipments using new HF standards
- New developments in the HF industry, such as Software Defined Radio

The agenda will be published next month. If you have a presentation that you would like to give or equipment that you would like to demonstrate please send me a short email so that we can work it into the schedule.

HFIA Mailing List / Registration

There is no need to register for the HFIA meeting, however, many of the addresses on the HFIA e-mail distribution list are no longer valid and we would be grateful if you could provide the following information so that we can update and maintain the list. Please email your updated information to sfazio@harris.com.

- 1). Name:
- 2). Organization:
- 3). Address:
- 4). E-Mail Address:
- 5). Telephone Number:
- 6). Fax Number:
- 7). Plan to attend June 2000 HFIA Meeting: (yes/no)

HFIA Website
